

## **Summary of Branch Operations Reference Group meeting 25 June 2015**

The Central Branch held the second meeting of the Branch Operations Reference Group on 25 June 2015.

The meeting was attended by industry members from five rail transport operators.

Discussions centred on the 2015 BOF with several topics being identified. Central Branch Director updated the Membership on the outcomes of the interface agreement project. Other updates included changes to the *Rail Safety National Law*, Road-rail vehicle (RRV) program and changes occurring in the area of certification of and qualifications for the use of boilers and pressure vessels.

The Branch Operations Reference Group meets again on 26 September 2015.
