

Summary of NSW Branch Operations Forum Meeting

27 July 2017

The meeting was attended by industry members from 11 rail transport operators, including rail infrastructure managers, commercial and heritage rolling stock operators, and maintainers and contractors. Representatives from the Office of Transport Safety Investigations and the Rail Tram and Bus Union were also present.

Presentations were delivered on:

- the Australian Rail Risk Model Project
- the current security environment
- the ONRSR Drug and Alcohol Management Review
- Office of Transport Safety Investigations overview

The forum next meets on 23 November 2017.
