**23 July 2015**

The meeting was attended by industry members from 13 rail transport operators, including rail infrastructure managers, commercial and heritage rolling stock operators, and maintainers and contractors. Representatives from the Office of Transport Safety Investigations (OTSI) and the RTBU were also present.

Presentations were delivered on the following topics:

Updates were provided on the development of the RRV Standard, and changes to the Rail Safety National Law.

It was noted that ID cards for NSW drug and alcohol testing authorised persons will start to expire in 2016, as they were issued for three year terms. Rail transport operators will be sent details of the renewal process early next year.
