

## **Summary of Sydney Operations Forum Meeting**

**22 March 2018**

The meeting was attended by industry members from 14 rail transport operators, including rail infrastructure managers, commercial and heritage rolling stock operators, and maintainers and contractors.

This was the first meeting of the reconstituted committee, which has been appointed for the 2018-19 term.

Presentations were delivered on the ONRSR Portal, and the current security environment.

Members also discussed the ONRSR Way, which was recently published on the ONRSR website, and collision avoidance devices for RRVs.

The forum next meets on 26 July 2018.
